

City Arts Center

corporate partner program

Dear XXXX,

City Arts Center provides a venue that exhibits contemporary art for emerging and mid-career artists to express their art form. We are a community school of the arts organization that offers year-round creative and unique arts experiences for all ages through exhibits and art education classes. For those in the community with a desire to discover the hidden artist within or perfect their artistic talents and skills, City Arts Center provides a home for exploring and learning while also providing an invaluable service to the community.

Annually, City Arts Center reaches more than 10,000 community members, young and old through exhibits featuring contemporary artists in the Eleanor Kirkpatrick Gallery and the Circle Gallery, a variety of visual arts classes, workshops and children's camps, and outreach initiatives to local school children. A community school of the arts is a powerful entity in every community and City Arts Center is a vital piece of our Oklahoma City contemporary scene. We want you to be a part of that.

A corporate partnership with City Arts Center is an investment that lets everyone know you value all the elements of a thriving and growing community and understand the increased quality of life the arts bring. Partnering with City Arts Center offers several opportunities for corporations, businesses and organizations to gain exposure to a unique segment of our community and be part of Oklahoma City's exciting growth.

City Arts Center offers a range of corporate sponsorships and benefits designed to advance your company's recognition in the community, while supporting our educational and contemporary exhibition efforts on behalf of our local and regional artists. Please review the attached benefits chart and return the commitment form indicating your level of interest. I will be contacting you to see if you'd be interested in a tour and to discuss our partnership opportunities.

Sincerely,

"As a developing and emerging artist, my experience at City Arts Center was amazing! Working within a professional gallery and center, I was exposed to all aspects in the field. The staff was great at helping me with getting the most out of my exhibit. My work is now widely asked for and talked about. I would love to show at the City Arts Center again."

Kolbe Roper
City Arts Center Artist

"As a mother I try to find experiences for my children that will let their imaginations grow along with their ability to communicate. City Arts Center has provided our family with new opportunities to do just that. The summer camp program was so diverse and really balanced performance with visual art in a way other camps don't even attempt."

Ardis Marrs Steele
City Arts Center parent and student
